Dear Ms. Buethe and Mr. Wilhoit:

The US EPA has received your letter dated October 23, 2015 regarding the Bay Delta Conservation Plan/California WaterFix and your concerns that project would have adverse economic and water quality impacts on the greater Stockton area. EPA is reviewing the Bureau of Reclamation's Supplemental Draft Environmental Impact Statement regarding the proposed project. We will submit our comments to Reclamation by October 30, 2015, the end of the public comment period. Our comments will also be posted at <http://www2.epa.gov/sfbay-delta/bay-delta-conservation-plan-epa-documents>, along with our previous comments on the Bay Delta Conservation Plan Draft EIS.

Thank you for taking the time to provide us with your thoughts about the proposed project.

Sincerely,

Kathleen Martyn Goforth, Manager  
Environmental Review Section  
US Environmental Protection Agency
